June - July 2007

MEETING POINT LISBON – SEPTEMBER 19 - 21

Euclid's and Eblida's joint conference on library education in Lisbon September 19 - 21 – Librarian@2010: Educating for the future - will be this year's major meeting point for those interested in library and information science education, educators as well as practitioners. Papers to be presented from the submitted abstracts have now been selected by the reviewing committee. Among the key-note speakers is the new rector of the Royal School of Library and Information Science in Copenhagen, Lars Qvortrup.

An electronic registration form will be accessible from the web sites of both Euclid and Eblida around July 1. So reserve these dates for fruitful discussions between educators and practitioners.

The COLIS conference in Borås August 13 – 16 offers another possibility to discuss LIS education. August 13 is dedicated to an educational forum organized by David Bawden from London City University and board member of Euclid. The program for this forum can be found at <http://hb.se/colis/educational/programme.htm>.

BOBCATSSS 2008 AND THE BOBCAT OF THE YEAR

The planning of BOBCATSSS 2008 in Zadar Croatia is well on its way. In Prague this year, Leif Lørring and Leif Kajberg from the Royal School of Library and Information Science in Copenhagen were awarded Euclid's Bobcat of the year prize. Who deserves to be awarded this prize in Zadar, 2008? The Euclid board welcomes proposals.

Euclid's council meeting will take place in connection with BOBCATSSS 2008.

MEMBERSHIP FEES 2007

Invoices were sent out by the end of January, with a reminder in May. So far, between 40 and 50 schools have paid their membership fees, which is a high number, but there is still time to pay and have voting rights at our council meeting.

HAVE A NICE SUMMER

Euclid's board and administration take this opportunity to wish you all a nice and relaxing summer.
